2. There are 34 races in the Handicap Chase Championship calendar for 2018, which includes a mix of distances, weekend and weekday events. This year, we will be adding longer distance races into the handicap champs for the first time. 10 miles and half marathon distances will be added
3. **You have to run a minimum of 8 races to qualify. Further qualifying rules are;**
  - a. only a maximum of 2 park runs can count towards your overall average score (the best 2 will be applied),
  - b. At least 1 event of 10k or more must be completed.
4. The handicap applied for each runners entry will be their Park Run personal best time from 2017 (calendar year) which will be extrapolated for the different distances. Extrapolation will be done using the same basis as 2017 using a multiplier based on the calculator on <https://www.mcmillanrunning.com/>
5. Runners performances, within each race event, will be expressed as a ratio of the handicap (ie a time same as your 2017 park run PB would equal 1, better than PB < 1, worse than PB > 1).
6. If a runner achieves a score < 0.95 of their PB time within an event, the handicap will be adjusted to the time achieved at that event (and extrapolated time for the different distances) for all future events.

7. Runners' final score for the championship will be calculated as an average ratio across the best 8 performances.
8. At the end of the year, prizes will be awarded to the 1<sup>st</sup>, 2<sup>nd</sup> and 3<sup>rd</sup> lowest average ratio for male and female. In the extremely unlikely event of a tie, the better 2018 park run time will be used to decide the winner.
9. **Entrants to the handicap championship will need to have acquired at least one Buckingham park run time prior to the 31<sup>st</sup> March 2018** to ensure a handicap time can be registered. Beyond this point, runners will not be able to accumulate scores in the handicap championship.
